

Intevac Announces Participation in Upcoming Jefferies Conference

August 20, 2019

SANTA CLARA, Calif.--(BUSINESS WIRE)--Aug. 20, 2019-- Intevac, Inc. (Nasdaq: IVAC), a leading supplier of thin-film processing systems and digital night-vision technologies, today announced that company management is scheduled to participate in the Jefferies 2019 Semiconductor, Hardware and Communications Infrastructure Summit, being held August 27th and 28th, 2019 at the Ritz Carlton in Chicago, IL.

The company's presentation material utilized during the Summit will be made accessible on the investor page of the company's website at www.intevac.com.

About Intevac

Intevac was founded in 1991 and has two businesses: Thin-film Equipment and Photonics.

In our Thin-film Equipment business, we are a leader in the design and development of high-productivity, thin-film processing systems. Our production-proven platforms are designed for high-volume manufacturing of substrates with precise thin film properties, such as the hard drive media, display cover panel, and solar photovoltaic markets we serve currently.

In our Photonics business, we are a recognized leading developer of advanced high-sensitivity digital sensors, cameras and systems that primarily serve the defense industry. We are the provider of integrated digital imaging systems for most U.S. military night vision programs.
