

Intevac Announces Participation in Upcoming Investor Conference

November 1, 2019

SANTA CLARA, Calif.--(BUSINESS WIRE)--Nov. 1, 2019-- Intevac, Inc. (Nasdaq: IVAC), a leading supplier of thin-film processing systems and digital night-vision technologies, today announced that company management is scheduled to participate in the Southwest IDEAS Investor Conference on Wednesday, November 20th at the Westin in downtown Dallas, Texas. Intevac's presentation is scheduled to begin at 11:05am CT.

The presentation will be webcast live and may be accessed at the conference website, www.IDEASConferences.com. The presentation will also be available and archived in the investor relations section of the company's website at www.intevac.com.

About Intevac

Intevac was founded in 1991 and has two businesses: Thin-film Equipment and Photonics.

In our Thin-film Equipment business, we are a leader in the design and development of high-productivity, thin-film processing systems. Our production-proven platforms are designed for high-volume manufacturing of substrates with precise thin film properties, such as the hard drive media, display cover panel, and solar photovoltaic markets we serve currently.

In our Photonics business, we are a recognized leading developer of advanced high-sensitivity digital sensors, cameras and systems that primarily serve the defense industry. We are the provider of integrated digital imaging systems for most U.S. military night vision programs.
