

Intevac to Present at 22nd Annual Needham Growth Conference

December 30, 2019

SANTA CLARA, Calif.--(BUSINESS WIRE)--Dec. 30, 2019-- Intevac, Inc. (Nasdaq: IVAC), a leading supplier of thin-film processing systems and digital night-vision technologies, today announced that company management is scheduled to present at the 22nd Annual Needham Growth Conference on Tuesday, January 14th at the Lotte New York Palace Hotel in New York City. Intevac's presentation is scheduled to begin at 12:00pm EST.

The presentation material utilized at the event, as well as a live and archived audio webcast of the presentation, will be made available on the investor page of the company's website at www.intevac.com.

About Intevac

Intevac was founded in 1991 and has two businesses: Thin-film Equipment and Photonics.

In our Thin-film Equipment business, we are a leader in the design and development of high-productivity, thin-film processing systems. Our production-proven platforms are designed for high-volume manufacturing of substrates with precise thin film properties, such as the hard drive media, display cover panel, and solar photovoltaic markets we serve currently.

In our Photonics business, we are a recognized leading developer of advanced high-sensitivity digital sensors, cameras and systems that primarily serve the defense industry. We are the provider of integrated digital imaging systems for most U.S. military night vision programs.
