(Registrant's telephone number, including area code)

N/A
(Former name or former address if changed since last report)

Check the appropriate box below if the Form 8-K filing is intended to simultaneously satisfy the filing obligation of the registrant under any of the following provisions:

- Written communications pursuant to Rule 425 under the Securities Act (17 CFR 230.425)
- Soliciting material pursuant to Rule 14a-12 under the Exchange Act (17 CFR 240.14a-12)
- Pre-commencement communications pursuant to Rule 14d-2(b) under the Exchange Act (17 CFR 240.14d-2(b))
- Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

Indicate by check mark whether the registrant is an emerging growth company as defined in Rule 405 of the Securities Act of 1933 (§ 230.405 of this chapter) or Rule 12b-2 of the Securities Exchange Act of 1934 (§ 240.12b-2 of this chapter).

Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Item 2.02. Results of Operations and Financial Condition

On July 30, 2018, Intevac, Inc. issued a press release reporting its financial results for the three and six months ended June 30, 2018. A copy of the press release issued by the Company concerning the foregoing results is furnished herewith as Exhibit 99.1 and is incorporated herein by reference.

The foregoing information is intended to be furnished under Item 2.02 of Form 8-K, "Results of Operations and Financial Condition." This information shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), or incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act, except as shall be expressly set forth by specific reference in such a filing.

Item 9.01. Financial Statements and Exhibits

(d) Exhibits

99.1 [Press Release.](#)

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.

INTEVAC ANNOUNCES SECOND QUARTER 2018 FINANCIAL RESULTS

Santa Clara, Calif.—July 30, 2018—Intevac, Inc. (Nasdaq: IVAC) today reported financial results for the quarter and six months ended June 30, 2018.

“Our second-quarter results were stronger than forecast, with higher upgrade revenues in HDD equipment, favorable gross margin performance in both Thin-film Equipment (“TFE”) and Photonics, and close control of expenses, leading to a net loss of one cent per share,” commented Wendell Blonigan, president and chief executive officer of Intevac. “We announced the receipt of multiple orders for our industry-leading 200 Lean® system for the HDD industry, with one system expected to ship later this year, and two in backlog for 2019. These orders demonstrate the close partnerships we have with our HDD customers to support their technology roadmaps, and the new orders also provide confidence for continued strong results in our HDD equipment business.

“We continued to make progress in our Thin-film Equipment growth initiatives during the second quarter. A global Top-3 Cellphone maker is now shipping handsets that incorporate our oDLC® protective coating, which protects the vibrant decorative color deposited on the back cover glass of a portion of their flagship models. In Photonics, we have secured additional government funding for the development of our next-generation night-vision sensor, which is important validation of our industry-leading position to provide digital night-vision technology to the U.S. Military. In all, our outlook for 2018 is consistent with our last quarterly update, reflecting a pause in our growth after three straight years of increasing revenues, orders and earnings.” Mr. Blonigan concluded, “Our technology leadership positions and future growth story remain very much intact, and we believe the execution of our growth initiatives in 2018 will drive the resumption of growth in 2019.”

(\$ Millions, except per share amounts)

	Q2 2018		Q2 2017	
	GAAP Results	Non-GAAP Results	GAAP Results	Non-GAAP Results

Intevac’s non-GAAP adjusted results exclude the impact of the following, where applicable: (1) changes in fair value of contingent consideration liabilities associated with business combinations; and (2) restructuring charges. A reconciliation of the GAAP and non-GAAP adjusted results is provided in the financial table included in this release. See also “Use of Non-GAAP Financial Measures” section.

Second Quarter 2018 Summary

The net loss for the quarter was \$167,000, or \$0.01 per diluted share, compared to net income of \$1.1 million, or \$0.05 per diluted share, in the second quarter of 2017. The non-GAAP net loss was \$158,000 or \$0.01 per diluted share, compared to second-quarter 2017 non-GAAP net income of \$1.1 million or \$0.05 per diluted share.

Revenues were \$26.1 million, including \$20.8 million of TFE revenues and Photonics revenues of \$5.3 million. TFE revenues consisted of two 200 Lean HDD systems, upgrades, spares and service. Photonics revenues consisted of \$2.8 million of research and development contracts and \$2.5 million of product sales. In the second quarter of 2017, revenues were \$31.0 million, including \$22.4 million of TFE revenues, which consisted of one 200 Lean HDD system, one pilot INTEVAC MATRIX[®] solar ion implant system, two ENERGi[®] solar ion implant systems, upgrades, spares and service, and Photonics revenues of \$8.5 million, which included \$7.4 million of product sales and \$1.1 million of research and development contracts.

TFE gross margin was 41.7% compared to 38.4% in the second quarter of 2017 and 35.6% in the first quarter of 2018. The improvement from the second quarter of 2017 was primarily due to product mix, with an increase in HDD upgrades in the second quarter of 2018 compared to the second quarter of 2017, which also had included a lower-margin pilot INTEVAC MATRIX solar ion implant system. The improvement from the first quarter of 2018 was primarily due to a higher mix of higher-margin upgrades, higher revenues and improved factory absorption.

Photonics gross margin was 20.4% compared to 33.4% in the second quarter of 2017 and 6.2% in the first quarter of 2018. The decline from the second quarter of 2017 was primarily due to lower revenue levels, a higher mix of lower-margin research and development contracts and incremental loss provisions recorded on several contracts. The improvement from the first quarter of 2018 was primarily due to improved margins on research and development contracts and smaller loss provisions recorded on contracts. Consolidated gross margin was 37.4%, compared to 37.0% in the second quarter of 2017 and 27.1% in the first quarter of 2018.

R&D and SG&A expenses were \$9.7 million, compared to \$10.1 million in the second quarter of 2017 and \$10.0 million in the first quarter of 2018. The lower level of expenses primarily reflects cost control initiatives implemented in the first quarter.

Order backlog totaled \$64.6 million on June 30, 2018, compared to \$66.9 million on March 31, 2018 and \$68.9 million on July 1, 2017. Backlog at June 30, 2018 included three 200 Lean HDD systems and twelve ENERGi solar ion implant systems. Backlog at March 31, 2018 included two 200 Lean HDD systems and twelve ENERGi solar ion implant systems. Backlog at July 1, 2017 included five 200 Lean HDD systems and twelve ENERGi solar ion implant systems.

The Company ended the quarter with \$39.1 million of total cash, restricted cash and investments and \$77.4 million in tangible book value.

First Six Months 2018 Summary

The net loss was \$5.3 million, or \$0.24 per diluted share, compared to net income of \$2.9 million, or \$0.13 per diluted share, for the first six months of 2017. The non-GAAP net loss was \$5.2 million or \$0.23 per diluted share. This compares to first-half 2017 non-GAAP net income of \$3.0 million or \$0.13 per diluted share.

Revenues were \$44.1 million, including \$33.6 million of TFE revenues and Photonics revenues of \$10.4 million, compared to revenues of \$61.4 million, including \$43.9 million of TFE revenues and Photonics revenues of \$17.4 million, for the first six months of 2017.

TFE gross margin was 39.4%, compared to 40.7% in the first six months of 2017. We recognized revenue on three 200 Lean HDD systems in the first half of 2018. We recognized revenue on two 200 Lean HDD systems, one pilot INTEVAC MATRIX solar ion implant system, two ENERGi solar ion implant systems and four VERTEX coating systems for display cover panels in the first half of 2017. Photonics gross margin was 13.4% compared to 38.1% in the first six months of 2017. The decline from the first half of 2017 was primarily due lower revenue levels, a higher mix of lower-margin research and development contracts and incremental loss provisions recorded on several contracts. Consolidated gross margin was 33.2%, compared to 40.0% in the first six months of 2017.

R&D and SG&A expenses were \$19.7 million compared to \$21.0 million in the first six months of 2017. The lower level of expenses reflects cost control initiatives implemented in the first quarter, lower legal expenses for patent activity and contracts and decreased accruals for variable compensation programs.

Use of Non-GAAP Financial Measures

Intevac's non-GAAP results exclude the impact of the following, where applicable: changes in fair value of contingent consideration liabilities associated with business combinations and restructuring. A reconciliation of the GAAP and non-GAAP results is provided in the financial tables included in this release.

Management uses non-GAAP results to evaluate the Company's operating and financial performance in light of business objectives and for planning purposes. These measures are not in accordance with GAAP and may differ from non-GAAP methods of accounting and reporting used by other companies. Intevac believes these measures enhance investors' ability to review the Company's business from the same perspective as the Company's management and facilitate comparisons of this period's results with prior periods. The presentation of this additional information should not be considered a substitute for results prepared in accordance with GAAP.

Conference Call Information

The Company will discuss its financial results and outlook in a conference call today at 1:30 p.m. PDT (4:30 p.m. EDT). To participate in the teleconference, please call toll-free (877) 334-0811 prior to the start time. For international callers, the dial-in number is (408) 427-3734. You may also listen live via the Internet at the Company's website, www.intevac.com, under the Investors link, or at www.earnings.com. For those unable to attend, these web sites will host an archive of the call. Additionally, a telephone replay of the call will be available for 48 hours beginning today at 7:30 p.m. EDT. You may access the replay by calling (855) 859-2056 or, for international callers, (404) 537-3406, and providing Replay Passcode 1778375.

About Intevac

Intevac was founded in 1991 and has two businesses: Thin-Film Equipment and Photonics.

In our Thin-film Equipment business, we are a leader in the design and development of high-productivity, thin-film processing systems. Our production-proven platforms are designed for high-volume manufacturing of substrates with precise thin film properties, such as the hard drive media, display cover panel, and solar photovoltaic markets we serve currently.

In our Photonics business, we are a recognized leading developer of advanced high-sensitivity digital sensors, cameras and systems that primarily serve the defense industry. We are the provider of integrated digital imaging systems for most U.S. military night vision programs.

For more information call 408-986-9888, or visit the Company's website at www.intevac.com.

200 Lean®, INTEVAC MATRIX®, INTEVAC VERTEX®, oDLC® and ENERGi® are registered trademarks of Intevac, Inc.

Safe Harbor Statement

This press release includes statements that constitute "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995 (the "Reform Act"). Intevac claims the protection of the safe-harbor for forward-looking statements contained in the Reform Act. These forward-looking statements are often characterized by the terms "may," "believes," "projects," "expects," or "anticipates," and do not reflect historical facts. Specific forward-looking statements contained in this press release include, but are not limited to: customer adoption of our products, an increase in the revenue opportunity pipeline for Photonics, and the future financial performance of Intevac, such as achieving profitability. The forward-looking statements contained herein involve risks and uncertainties that could cause actual results to differ materially from the Company's expectations. These risks include, but are not limited to: technology risk and challenges achieving customer adoption and revenue recognition in Thin-film Equipment markets and delays in Photonics programs, each of which could have a material impact on our business, our financial results, and the Company's stock price. These risks and other factors are detailed in the Company's periodic filings with the U.S. Securities and Exchange Commission.
