The presentation slides from the conference will be available through the presentations link on the investor page of the Company's web site.

About Intevac

Intevac was founded in 1991 and has two businesses: Equipment and Imaging Instrumentation.

Equipment Business: Intevac is a leader in the design, manufacture and marketing of high-productivity "lean" manufacturing systems and has been producing "Lean Thinking" platforms since 1994. We are the leading supplier of magnetic media sputtering equipment to the hard disk drive industry and offer leading-edge, high-productivity etch systems to the semiconductor industry.

Imaging Instrumentation Business: Intevac is a leader in the development of leading-edge, high-sensitivity imaging products and miniature Raman instruments. We provide sensors, cameras and systems for government applications such as night vision and long-range target identification and we provide cameras and Raman systems to the industrial, physical science and life science markets.
